

The prices for freight and handling reflect the actual costs. At the current presented rates, ATTICCO will cover part of the actual shipping costs.

Handling

We add a handling fee to all orders to cover the cost of order processing, picking and packing. The handling fee is fixed and independent of order size and way of delivery. The handling fee is DKK 100 per order.

Warehouse Pickup.

If you pick up your order at our warehouse in Thorning/Denmark, there are, of course, no freight costs. We are normally open for pickup Monday to Friday from 08.00 to 15.00. However, time for pickup of orders must always be specifically agreed in advance.

Furniture delivery

ATTICCO has a freight agreement with Danske Fragtmænd (DF) for deliveries in Denmark and with DSV abroad. DF aim to deliver from day to day, i.e. they pick up on day 1 and deliver on day 2. Deliveries abroad will typically take 2-5 days.

Low and High freestanding ATTICCO is always shipped on a pallet for maximum protection. ATTICCO Mini is packed and prepared for shipment as parcel. Please read our trade conditions for more concrete information about shipping.

The freight rate depends on number, size and destination
