

The prices for freight and handling reflect the actual costs. At the current rates, ATTICCO will cover part of the actual shipping costs.

Handling

We add a handling fee to all orders to cover the cost of order processing, picking and packing. The handling fee is fixed and independent of order size and way of delivery. The handling fee is DKK 100 per order.

Warehouse Pickup.

If you pick up your order at our warehouse in Thorning, there are, of course, no freight costs. We are normally open for pickup Monday to Thursday from 08.00 to 15.00. However, time for pickup of orders must always be specifically agreed in advance.

Furniture delivery

ATTICCO has a freight agreement with Danske Fragtmænd for deliveries in Denmark. They aim to deliver from day to day, i.e. they pick up on day 1 and deliver on day 2. Deliveries abroad is made by DSV and will typically take 2-4 days.

Low and High ATTICCO is always shipped on a pallet for maximum protection. ATTICCO Mini is prepared for shipment as parcel.

Please read our trade conditions for more concrete information about shipping.

The freight rate depends on number and size of the furniture packages, including whether it is solo-, duo, trio- or Quattro furniture. The freight rate also depends on whether it is Mini, low or high furniture and whether it is ATTICCO built-in or freestanding furniture. Finally, it depends on destination

Current freight rates:

Mini furniture: From DKK 200

Solo-furniture: From DKK: 400

Duo-furniture: From DKK 600

Trio-furniture: From DKK 600

Quattro-furniture: From DKK 750

ATTICCO has fixed a maximum freight rate of DKK 750 in Denmark (bridged islands). It means that you can choose the fixed freight rate of DKK 750 at any time and will not have to pay more no matter how much and how big a furniture you have purchased.

For deliveries outside Denmark (and non-bridged islands in Denmark) we aim at a maximum freight rate of DKK 1200.
